#### **Independent Auditor's Report**

To the Board of Directors Marines' Memorial Association San Francisco, California

#### **Report on the Financial Statements**

We have audited the accompanying consolidated financial statements of Marines' Memorial Association and its affiliate, Marines' Memorial Theatre, which comprise the consolidated statements of financial position as of June 30, 2015 and 2014, and the related consolidated statements of activities and cash flows for the years then ended, and the related notes to the consolidated financial statements.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Marines' Memorial Association and its affiliate as of June 30, 2015 and 2014, and the changes in their net assets and their cash flows for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

#### Report on Consolidating Statements of Financial Position and Activities

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying consolidating statements of financial position and activities are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audits of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

San Francisco, California

#### **Notes to Consolidated Financial Statements**

#### Note 1. Nature of Organization and Summary of Significant Accounting Policies

**Nature of organization:** Marines' Memorial Association is a nonprofit veteran's organization located in San Francisco, California, formed as a tribute to those Marines who have gone before and a service to those who carry on. The United States Marine Corps provided the initial contribution for the establishment of Marines' Memorial Association in 1946. Membership is limited to persons who have honorably served, or are serving, in the Armed Forces of the United States of America. Marines' Memorial Association provides hotel and restaurant services to members and their guests.

Marines' Memorial Theatre (the Theatre) is a nonprofit 501(c)(3) that was established on July 1, 2012 to operate the theatre located in the hotel and to align the management practices of the theatre with similar nonprofit performing arts venues and organizations within the Bay Area. Through a lease agreement, Marines' Memorial Association leases the operation of the theatre to Marines' Memorial Theatre.

#### A summary of significant accounting policies follows:

**Principles of consolidation:** The consolidated financial statements include the operations of Marines' Memorial Association and its affiliate, Marines' Memorial Theatre (collectively referred to as the Association). All significant intercompany balances and transactions have been eliminated in consolidation.

**Contributions:** Contributions, including unconditional promises to give, are recognized as revenues in the period received. Conditional promises to give are not recognized until they become unconditional—that is, at the time when the conditions on which they depend are substantially met. Contributions to be received after one year are discounted using an appropriate discount rate to obtain the present value of the receivable amount. Amortization of discount is recorded as additional contribution revenue in accordance with donor-imposed restrictions, if any, on the contributions.

Contributions of cash and other assets are presented as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires—that is, when a stipulated time restriction ends or purpose restriction is accomplished—temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. Contributions of stock are recognized at fair value when received.

Unrestricted donations are recorded in the period received. Individuals are entitled to a benefactor membership designation within the Association for a contribution of \$2,500 or more. These donations are recognized in the period received as the future service fees to be paid by the member and are expected to cover the costs of providing such services.

**Revenue recognition:** Occupancy revenue is recognized when rooms are occupied and services have been rendered. Revenue from restaurant sales is recognized when food and beverage products are sold. Theatre revenue is recognized after the completion of a show or event, net of expenses for box office fees, production fees and other miscellaneous charges.

**Classes of net assets:** Unrestricted net assets are those net assets that are neither permanently restricted nor temporarily restricted by donor-imposed stipulations.

Temporarily restricted net assets are donations received with donor-imposed restrictions that specify the use of the assets and are satisfied either through the passage of time or by the actions of the Association. Temporarily restricted net assets consist of donations restricted for annually awarded scholarships and specific programs. Depending upon the amount of the donation and upon donor-imposed restrictions, scholarships may be awarded in the name of the donor.

#### **Notes to Consolidated Financial Statements**

#### Note 1. Nature of Organization and Summary of Significant Accounting Policies (Continued)

Permanently restricted net assets are contributions whose use is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by the actions of the Association. There were no permanently restricted net assets at June 30, 2015 or 2014.

**Cash and cash equivalents:** Cash and cash equivalents consist of cash and money market funds. The Association considers investments with maturities of three months or less at the time of purchase to be cash equivalents.

**Concentration of credit risk:** The Association maintains certificates of deposit, which are fully insured by the Federal Deposit Insurance Corporation within the \$250,000 limit. The Association also maintains cash in bank deposit accounts which, at times, may exceed federally insured limits. The Association has not experienced any losses in such accounts. Management believes the Association is not exposed to any significant credit risk related to cash.

**Accounts receivable:** Accounts receivable generally consist of amounts due from members for the use of facilities for special events. Invoices are due 30 days from date of invoice. Accounts receivable are carried at original invoice amount less an estimate for doubtful receivables based on a review of all outstanding amounts on an annual basis. Management determines the allowance for doubtful accounts by calculating individual member receivables and considering a member's financial condition, credit history and current economic conditions. Accounts receivable are written off against the allowance when deemed uncollectible.

During the years ended June 30, 2015 and 2014, the Association continued its agreement with the San Francisco Fleet Week Association (the Fleet Week), a 501(c)(3) organization, to fundraise and manage the Fleet Week's operations. Other receivables consist of expenses incurred on behalf of the Fleet Week such as salary, director meetings and fundraising expenditures. The Association will be reimbursed by the Fleet Week at the end of fundraising operations, which is approximately in November of each year. Certain management employees of the Association are members of the Board of Directors of the San Francisco Fleet Week Association. Total receivables from Fleet Week amounted to \$55,459 and \$113,454 as of June 30, 2015 and 2014, respectively, and are included in accounts receivable in the consolidated statements of financial position.

**Inventories:** Inventories consist of food, beverage, merchandise and supplies, and are stated at the lower of cost, determined by the first-in, first-out method, or market.

**Investments:** Investments consist of cash funds for investing, certificates of deposit, marketable equity and debt securities, and mutual funds. All are presented in the financial statements at fair value, except for cash and certificates of deposit, which are presented at carrying value. Realized and unrealized gains and losses are reflected in the consolidated statements of activities as investment return.

**Property and equipment:** Property and equipment are stated at cost. Depreciation is computed by the straight-line method over estimated useful lives as follows: building and improvements, six to 39 years; and furniture and equipment, three to 15 years. The cost of maintenance and repairs is charged to expense as incurred. Construction in progress is placed into service when the entire project is complete.

**Valuation of long-lived assets:** The Association accounts for the valuation of long-lived assets under the Financial Accounting Standards Board (FASB) standard, *Accounting for the Impairment or Disposal of Long-Lived Assets*. This standard requires that long-lived assets and certain identifiable intangible assets be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable.

#### **Notes to Consolidated Financial Statements**

# Note 1. Nature of Organization and Summary of Significant Accounting Policies (Continued)

Recoverability of the long-lived asset is measured by a comparison of the carrying amount of the asset to future undiscounted net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount the carrying amount of the assets exceeds their estimated fair value. Assets to be disposed of are reportable at the lower of the carrying amount or fair value, less costs to sell. There were no impairment losses recorded for the years ended June 30, 2015 or 2014.

**Income taxes:** Marines' Memorial Association and its affiliate, Marines' Memorial Theatre, are not-for-profit organizations as described under Internal Revenue Code Sections 501(c)(19) and 501(c)(3), respectively. The Association is subject to taxation at regular corporate rates on income unrelated to its exempt function.

Marines' Memorial Association and its affiliate have implemented the guidance for income taxes in accordance with Accounting Standards Codification (ASC) Topic 740 as it relates to accounting for uncertainty in income taxes, which clarifies the treatment of the entities' position of accounting for income taxes recognized in the consolidated financial statements. The guidance also prescribes a recognition threshold and measurement standard for the consolidated financial statement recognition and measurement of an income tax position taken or expected to be taken in the tax return. In addition, it provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure and transition. Management evaluated the entities' tax positions and concluded that the entities have no uncertain tax positions at June 30, 2015 or 2014. With few exceptions, the Association is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for fiscal years before 2012.

**Presentation of certain taxes:** The Association collects various taxes, generally occupancy and sales taxes, from customers and remits these amounts to applicable taxing authorities. The Association's accounting policy is to exclude these taxes from revenues and expenses.

**Functional allocation of expenses:** The Association allocates its expenses on a functional basis among its various programs and support services. Expenses that can be identified with a specific program and support service are allocated directly according to their expense classification.

Operating expenses, including depreciation and amortization, by functional classification for the year ended June 30 are as follows:

	2015	2014
Mission services	\$ 2,242,440	\$ 1,937,760
Hotel services	11,380,391	10,926,609
Theatre services	557,027	507,222
General and administrative	1,619,217	1,543,307
Fundraising	549,671	473,467
	\$ 16,348,746	\$ 15,388,365

2015

201/

# Note 1. Nature of Organization and Summary of Significant Accounting Policies (Continued)

**Advertising:** The Association advertises primarily to promote the activities of the Association and to solicit donations. Total advertising costs are reported under undistributed operating expenses—advertising in the consolidated statements of activities.

**Use of estimates:** The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expense during the reporting period. Actual results could differ from those estimates.

**Subsequent events:** The Association has evaluated subsequent events through September 22, 2015, the date on which the consolidated financial statements were available to be issued.

#### Note 2. Investments

The following summarizes the relationship between cost and fair values of investments at June 30:

		20			20	014		
	Cost			Fair Value	Cost		Fair Value	
Cash funds for investing	\$	8,705	\$	8,705	\$	5,547	\$	5,547
Exchange-traded funds		606,119		865,450		623,418		863,552
Mutual funds		659,692		901,267		684,388		931,062
Corporate bonds		161,251		165,611		161,251		169,338
Certificates of deposit		776,889		776,889		619,283		619,283
	\$	2,212,656	\$	2,717,922	\$	2,093,887	\$	2,588,782

Investment return consists of the following at June 30:

			Te	mporarily		
	U	nrestricted	R	estricted		Total
						_
Interest	\$	15,867	\$	3,158	\$	19,025

Net realized and unrealized gains on investments		234,187		-		234,187
	\$	323,452	\$	2,136	\$	325,588

#### **Notes to Consolidated Financial Statements**

### Note 2. Investments (Continued)

**Fair value measurements:** Under the FASB's authoritative guidance on fair value measurements, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In determining fair value, the Association uses various methods, including the market, income and cost approaches.

The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Financial assets carried at fair value will be classified and disclosed in one of the following three categories:

- Level 1: These are investments where values are based on unadjusted quoted prices for identical assets in an active market the Association has the ability to access.
- Level 2: These are investments where values are based on quoted prices in markets that are not
  active or model inputs that are observable, either directly or indirectly, for substantially the full
  term of the investments.
- Level 3: These are investments where values are based on prices or valuation techniques that
  require inputs that are both unobservable and significant to the overall fair value measurement.
  These inputs reflect assumptions of management about assumptions market participants would
  use in pricing the investments.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, an asset's level within the fair value hierarchy is based on the lower level input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the investment.

The Association has various processes and controls in place to ensure that fair value is reasonably estimated.

While the Association believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

The following is a description of the valuation methodologies used for instruments measured at fair value:

**Equity securities and bonds:** The fair value of equity securities and bonds is the market value based on quoted market prices.

**Mutual funds:** Mutual funds are valued at the published net asset values or quoted market prices for identical assets provided by the fund manager.

There have been no changes to the valuation methodologies as of June 30, 2015 or 2014.

Note 2. Investments (Continued)

#### Note 3. Property and Equipment

During 2015 the Association began its hotel rooms renovation. As of June 30, 2015, the full amount of the construction in progress of \$2,116,976 was related to the renovation of the hotel rooms. The project is scheduled to be completed in April 2016. As of June 30, 2015, there were no material outstanding contract commitments relating to the project.

#### Note 4. Accrued Severance Pay

The Association had a severance pay benefit policy for employees who terminated their employment in good standing. Benefits ranged from 5 percent of base annual earnings for employees with five to 19 years of continuous employment to 100 percent of base annual earnings for employees with 20 years or more of continuous employment.

On July 1, 1992, this plan was amended and supplemented with an employee retirement plan (see Note 7). For purposes of determining future severance pay distributions to employees, the base annual earnings will remain at the July 1, 1992 level, but the vesting percentage will continue to increase through 20 years of employment. Therefore, when an employee terminates his/her employment in good standing, that employee, if 100 percent vested as of July 1, 1992, will receive all amounts in the accrued severance pay plan plus the amounts vested under the employee retirement plan. If the employee was not 100 percent vested as of July 1, 1992, that employee will receive the amount as recorded on July 1, 1992 plus all amounts vested under the employee retirement plan.

#### **Notes to Consolidated Financial Statements**

# Note 4. Accrued Severance Pay (Continued)

If this cumulative amount is less than what the accrued severance pay plan would have allowed for vesting increases, the Association will pay the employee the difference. As of June 30, 2015 and 2014, the Association had \$52,974 and \$75,589, respectively, in accrued severance pay.

#### Note 5. Net Assets

Temporarily restricted net assets as of June 30 are available for the following purposes or periods:

	2015			2014
Aid and assist program	\$	28,727	\$	14,902
Care package program		76,349		85,871
Gold star events		-		2,348
Scholarship funds		473,070		494,234
	\$	578,146	\$	597,355

#### Note 6. Releases From Restriction

The following amounts classified as temporarily restricted net assets were released from restriction during the years ended June 30:

	 2015	2014
Aid and assist program	\$ 12,800	\$ 32,488
Care package program	13,797	14,189
Gold star events	39,510	78,153
Scholarship funds	106,667	97,500
	\$ 172,774	\$ 222,330

#### Note 7. Retirement Plan

The Association has made available the Marines' Memorial 401(k) Retirement Plan for the benefit of eligible employees, as defined. Employees who elect to participate may make contributions from 2 percent up to the maximum of their eligible compensation allowed by law, and the Association may match up to 5 percent as of June 30, 2015. Total matching contributions were \$228,341 and \$183,062 for the years ended June 30, 2015 and 2014, respectively.

#### Note 8. Space Rentals

The Association leases rental space within the facilities to third parties under operating leases expiring in various years to 2024. The rental payments are subject to adjustment based on changes in the Consumer Price Index. One lease contains a provision for percentage rent of 10 percent of net revenue over \$1.5 million, as defined in the lease. There was no percentage rent earned for the years ended June 30, 2015 or 2014.

#### **Notes to Consolidated Financial Statements**

# Note 8. Space Rentals (Continued)

Minimum future rental receipts to expiration date of the leases are as follows:

## Years Ending June 30,

2016	\$ 235,188
2017	230,770
2018	208,682
2019	168,111
2020	46,397
Thereafter	173,990
	\$ 1,063,138

Rental income was \$235,763 and \$228,795 for the years ended June 30, 2015 and 2014, respectively.

#### Note 9. Line of Credit

The Association has a \$3,000,000 unsecured revolving line of credit with Bank of the West expiring on April 15, 2016, with interest at the prime rate, which was 3.25 percent at June 30, 2015 and 2014. Interest is payable monthly, and principal balance is due upon maturity of line of credit. During fiscal year 2015, the Association drew \$2,300,000 in conjunction with its hotel rooms' renovation project. The promissory note contains various restrictive covenants. The total amount outstanding as of June 30, 2015 and 2014 amounted to \$2,300,000 and \$0, respectively.
